Dear Yang Wang:

On behalf of the program committee, I am pleased to inform you that your abstract (ID 395) entitled: "A planning support system (PSS) for mitigating urban stormwater runoff in the United States (U.S.): Using vacant urban land as a resource" has been accepted for interactive (poster) presentation and publication in the Conference Abstracts (Proceedings) of the 2019 Annual Conference of the Council of Educators in Landscape Architecture in Sacramento, California, March 6 – 9, 2019. Yours was one of over 500 abstracts submitted.

In preparation of your poster, be sure to limit the size to be no larger than 32" X 40" (80 cm X 100 cm). At the conference, your poster will be clipped to foam core and placed on an easel.

Please be aware that you (the primary author) must register and attend the 2019 Annual Conference in order for your abstract to be included in the conference abstracts book. The conference registration web site is: <https://cela2019.ucdavis.edu/>. The early bird registration deadline is December 15, 2018.

International attendees who need a letter from CELA for applying visa should send your request to: Galen Newman, CELA Vice-President of Research & Creative Scholarship, cela2019ucdavis@gmail.com

Reviewers' comments (if provided) on your abstract are included below. Wherever reviewers have suggested changes, please make those changes and re-submit your abstract via the submission site (<https://www.openconf.org/cela2019/>) by the end of the day, Friday, January 4, 2019. Click on "Edit Submission" to edit and re-submit your abstract. Your re-submission will also serve as confirmation of your intent to attend the 2019 CELA Annual Conference.

Because your abstract (Abstract ID 395) has been accepted for presentation, I invite you to submit a full-text paper of your study. The deadline for submission is Friday, January 25, 2019. The conference paper template and submission details are available at this web link: https://drive.google.com/file/d/1iwYF9TIMd4ZvfBTBM2No_d4eM3SdBV43/view?usp=sharing Papers that meet the template requirements will be included as part of the conference abstracts book.

Congratulations again. I look forward to seeing you at CELA 2019.

Sincerely yours,

Galen Newman, PhD, ASLA, APA
Vice President for Research and Creative Scholarship, CELA
Associate Professor, Texas A&M

[Reviewers' Comments Start Below Here]

This study presents the development of a framework and a tool to support urban stormwater planning. The abstract is clear and concise. More details about what data the tool use and what functions it provides would help clarify the significance of the tool. Also, as an abstract for the Landscape Planning and Ecology Track, learning outcomes need to be included.
